INDEXE

CARLA. HANSEN WURSERY

Brookings, South Dakota

Dear Friend:

MAR 23 1936 ☆
U. S. Department of Agriculture.

Thank you very much for your request for a copy of our Spring Price List. As we have not yet issued our Regular Spring List, we are sending you herewith what we term our Customers Advanced Spring Sale. This gives you, in brief, some of the leading specialties we have to offer and also offers them to you at lower prices than they will be offered in our Regular Spring List, a copy of which we will send you as soon as it is ready.

By ordering now you will also be assured of getting what you want, as quite a number of the items offered herewith will not be listed again in our regular list since the number of plants available is too limited. Fruit trees in particular, due to scarcity of stock and heavier demand, are a short item this spring. Your advance booking new will assure your supply.

This Special Sale Ands Mar. 15, 1936

30 Order Early!

Remittance may be made by cash, money order, or check. South Dakota customers please add the 2% Sales Tax. All goods sent shipping charges collect, or if 10% is added, goods will be sent prepaid within 500 miles, or if 15% is added for over 500 miles.

NIWEST PLANT INTRODUCTIONS

This year, due to the great shortage of fruit tree stocks we are offering some of the Newest Plant Introductions as first year whole root grafts only as this will enable our customers to obtain these new plants at a good deal less than regular prices and not wait a year for the larger trees, and will also give them a bigger start than if the same amount were spent for the larger tree. Full instructions will be sent with each order telling how to properly plant and care for the grafts for the best results.

GOLDO APPLE - The best winter apple for the Northwest. Giant size, excellent flavor.Long keeper. Golden color.

DOLGO CRAB- The best brilliant red jelly crab. Superb flavor. Wonderful producer. Makes a very large amount of jelly per pound of fruit. Often as high as 45 glasses of jelly and 8 pints of jem from a single peck of the fruit.

the McIntosh flavor. Very hardy. A good Northern commercial possibility. ALEXIS CRAB - Brilliant red, jelly crab. Similar to Dolgo but usually larger size and a better annual producer.

RUSSIAN WHITE - Largest and hardiest white fleshed, large summer apple. Excellent flavor and a vigorous grower and wonderful producer.

RED FLESH CRIB - Newest Novelty
Fruit introduction and forerunner of a race of red-fleshed applessed crabs. Real hardy. Fruit good sized and tastey but its most remarkable quality is that its flesh is red-dark red clear through. Be the first in your community to get one of these remarable new fruits.

YELLOW SWEET APPLE-About the earliest of all summer apples. Excellent eating, a very heavy producer. HOPA FLOWERING CRAB - Remarkable for its large red flowers which almost completely cover the tree in early spring. A leading ornamental. RID SILVER CRAB - Completely red. . Large red flowers, red fruit, red bark, red folinge slightly and tinged with silver underneath. most remarkable combination. Highly praised by leading specialists.

MING PLAR - Best of Prof. Hansen's hybrid pears. Fruit of good size and flavor. Mellow flesh. Hardy. TOM THUMB CHARRY- A most lelicious red fleshed fruit. Tree very dwarf, bushy growth, scarcely knee high. A special favorite far North.

KIHINTA PLUM - Fruit up to 2 and 1-8 inches in diameter and very good eating. Red skin, yellow flosh.

SINOBI CHERRY - Choice red floshed cherry plum, similar to Oka Cherry, but hardier and especially for the far North in Canada.

TAVANA PLUM - Another sister to maneta and Kahinta Plums and some-what similar in great size and flavor, but because of its amcellent annual bearing and well forked branches may eventually prove, the best and most outstanding of the three sisters.

Price: 35¢ Mach; 4 Of A Kind \$1.00

To those of whom would like a real collection of these new plant introductions we offer:

Stalks of cream colored shaped flowers. Very nice for rock Inch 15¢; 3 For 40¢. gardens.

> CHALL GRASS A New Forage Grass

Introduced by Prof. N.J. Hansen of State College, from one of the

driest spots of Siberia.

The leaves resemble a marsh hay the it grows to a height of 8 to 10 feet in a season with even less than 8 inches annual rainfall even on an almost pure alkali soil. On ordinary soil it grows with equal vigor though not quite as tall and more bushy.

Chee Grass may be pastured, but will produce more forage if grown and cut for hay. It is perennial, and will last for years after once

being established.

Since the seed is very light, it is best to plant by means of the roots. Plant about 6 to 12 inches apart in rows one to 3 feet apart, and they will soon make a solid field.

PRICES

12 Plants 65¢; 50 Plants \$2.25 100 Plants \$3.50

Variety Size Each: Per 3 MAY DAY TREE - The beautiful flowering lawn tree. Has beautiful, pure white, very fragrant flowers hanging in large clusters entirely covering the tree. First tree to leaf out and bloom in spring, later bearing a small fruit that the birds like very well. Small 25¢ .50 CHINESE KLW - The fastest growing permanent tree 5-7 ft. 50¢ 1.25 known. Very popular everywhere. Drought resist- 4-5 ft. 35% 1.00 ant and easy to grow. 3-5 ft. 20¢ ,50 Seedlings-(Prices per 100:6-12 in. \$2.75; 12-18 in. \$3.75) RLACK HILLS SPRUCE - Beautiful dark green through-12-18 in. \$1.25 3.25 out the year. Plant singly or in groups. B. & B. 18-24 in. \$1.75 HANSEN WHITE PROSO The Most Drought Resistant Grain Known! Introduced from some of the driest spots of Siberia where it is a leading grain and forage for livestock. Now in its selected improved form, its true worth has proved only too well its value during some of the late years of great drought. May be planted from middle of May to late in July and still produce a fine crop of grain. An excellent feed for hogs or poultry and its straw, which usually remains somewhat green even though the grain is ripe, makes a splendid forage. This year we have some new advanced selections to offer of the largest and best kernels of white color, and they should not be confused with some of the common run quality offered on the market.

Prices: A New Pure Strain, 1 1b. 35¢, 10 1bs. \$1.50, Postpaid. Not Postpaid: 25 lbs. \$3.50, \$8.50 For 100 lbs.
